(12) usb same processor same modular

(590) computer same peripheral same modular

(29) peripheral adj modular

(1762) usb same peripheral same modul\$3

(8) connector same (processor same (usb same peripheral same modul\$3))

(86) processor same (usb same peripheral same modul\$3)

(171) (710/64).CCLS.

(5342) processor adj modul\$3

(19) usb same (processor adj modul\$3)

(157) usb and (processor adj modul\$3)

(1684) attach\$6 same processor same peripheral

(161) usb same (attach\$6 same processor same peripheral)

(385) 710/\$.ccls. and (attach\$6 same processor same peripheral)

(19) 710/\$.ccls. and (usb same (attach\$6 same processor same peripheral))

(63) attach\$6 adj3 computer adj4 modul\$3

(7) 710/\$.ccls. and (attach\$6 adj3 computer adj4 modul\$3)

(0) cpu same (peripheral adj modul\$3) same usb

(5) computer same (peripheral adj modul\$3) same usb

(3) processor same (peripheral adj modul\$3) same usb

(86) processor same (peripheral same modul\$3) same usb

(15) 710/\$.ccls. and (processor same (peripheral same modul\$3) same usb)

(5) processor same (peripheral same modul\$3) same (usb adj (controller or host))

(71) processor same peripheral same (usb adj (controller or host))

(23) 710/\$.ccls. and (processor same peripheral same (usb adj (controller or host)))

(3625) switch\$3 same (power or voltage) same charg\$3 same batter\$3 same 'ac'

(77) 713/\$.ccls. and (switch\$3 same (power or voltage) same charg\$3 same batter\$3 same 'ac')

(61430) hysteresis

(97) driver same receiver same hysteresis

(3) (full adj duplex) and (driver same receiver same hysteresis )

(3) (full adj duplex\$3) and (driver same receiver same hysteresis )

(9) synchron\$6 same (driver same receiver same hysteresis )

(14) transmission same (driver same receiver same hysteresis )

(4) simultan\$6 same (driver same receiver same hysteresis )

(7) port same (driver same receiver same hysteresis )

(7427) threshold same hysteresis

(4) bidirection\$3 same port same (threshold same hysteresis )

(146) simultan\$6 same (threshold same hysteresis )

(0) synchron46 same (simultan\$6 same (threshold same hysteresis ))

(160) synchron\$6 same (threshold same hysteresis )

(1) port same (simultan\$6 same (threshold same hysteresis ))

(2) port same (synchron\$6 same (threshold same hysteresis ))

(1588) synchron\$7 same hysteresis

(203) synchron\$7 same (threshold same hysteresis )

(99) (synchron\$7 same (threshold same hysteresis )) same circuit

(5) bidirection\$3 same (synchron\$7 same (threshold same hysteresis ))

(312) transmission same (threshold same hysteresis )

(73) line same (transmission same (threshold same hysteresis ))

(1) port same (line same (transmission same (threshold same hysteresis )))

(18) port and (line same (transmission same (threshold same hysteresis )))

(382) (close\$3 adj loop) same hysteresis

(9) impedance same ((close\$3 adj loop) same hysteresis )

(1) hysteresis and 5347177.pn.

(1) hysteresis and 4280221.pn.

(0) hysteresis and 5541535.pn.
